

AMENDMENTS TO THE SPECIFICATION

In the specification, please replace the paragraph beginning at page 9. line 4, with the following rewritten paragraph.

-- In Fig. 3, data RD1 RD is supplied to a packetizing block 11. Data RD2 is supplied to a packetizing block 12. Data RD3 is supplied to a packetizing block 13. The packetizing blocks 11, 12, and 13 are packetizing blocks that process data of real time streams. The data RD1, RD2, and RD3 are in reality moving picture and audio data of which time information is important. --
